

Village of North Riverside 2020 Senior/Disabled Snow Removal Program

The Village of North Riverside offers a snow removal program for residents who are 65+ years of age or have a permanent disability. Snowfalls in excess of 2" will be shoveled once the snow has ended. Due to the popularity of this program, sidewalk/driveways may not be immediately cleared, but the contractor will continue to work until everyone has been shoveled.

Program Rules:

- If on arrival, the contractor sees that your sidewalk/driveway has been shoveled they will leave you a door knocker. Save it, if for you are billed for that day's snowfall, you can use it as proof of no service.
- If your snow is shoveled by someone other than the Village's contractor, AND you don't receive a door knocker, please call the Village within 24 hours at (708) 447-4211 to report. If we don't receive a timely call and you don't have a door knocker, you will be responsible for the snow removal bill.
- The program includes shoveling your front sidewalk, the walk leading to your front door as well as your steps, and driveway or garage apron. It does not include your gangway (unless it leads to your front door) or any area of your backyard.
- Participation in this year's program will not be approved if you have an outstanding balance from last year's program.

Application Deadline December 1, 2020

Senior (65+) Disabled (proof must be provided)
 Stairs, sidewalk, and garage apron - \$20 per snowfall
 Stairs, sidewalk, and driveway - \$35 per snowfall
